Moscow, 27 September 2017

### CeMAT Russia 2017: Exhibition Expansion and Visitors Growth

*On 19-21 September 2017, Moscow Hosted the 8<sup>th</sup> International Exhibition for materials handling, warehousing equipment and logistics CeMAT Russia 2017.*

129 companies from 9 countries participated in CeMAT Russia 2017. The exhibitors displayed forklifts, warehousing systems, hoisting devices, conveyors and much more on their stands. Within three days, 5 050 visitors representing retail chains, manufacturing and logistics companies from 32 countries and 69 regions of Russia attended the exhibition, +6% compared with last year attendance. The total area of the exhibition increased by 10% compared to the last year and exceeded 7 000 m<sup>2</sup>.

At the exhibition, Russian and international producers displayed innovative products – STILL iGo neo CX20 picker, Jungheinrich ECE 225 order picker, Euroshuttle Satellite Comitas automatic storage system, and other models of equipment and automation systems for warehouse organization and intralogistics at enterprises and organizations in various industries.

The visitors saw dozens of handling equipment, warehousing systems, order picking equipment models, WMS systems, and the other products required to efficiently manage a warehouse. They could compare and choose the equipment for own production tasks, as well as to select the supplier, hold face-to-face negotiations, and to get the best offer. Products from 18 companies was presented at the exhibition for the first time, including solutions from SAP, Zebra Technologies, NTEK Crane Plant, and Apollo.

The exhibition was sponsored by STILL and Jungheinrich, world leading companies in warehousing equipment.

*Efficient Management of Company Intralogistics Forum* became the highlight of the Event Program at CeMAT Russia. It was held for the first time simultaneously at 2 conference halls at the exhibition venue. 727 specialists participated in the Forum.

Business event bringing together logistics top managers were held for the first time. Managers of successful businesses' logistics function shared their hands-on experience and know-how in responding to challenges and production tasks. Experts from Rostelecom PJSC, MTS, Ferrero Russia, Ulmart Lamoda Group, Novolipetsk Steel Plant, Dixy Group, Ozon Delivery, Svyaznoy, etc. took part in the sessions. This Forum is one of the major events for logistics professionals during the year.

***The 9<sup>th</sup> International Exhibition for materials handling, warehousing equipment and logistics CeMAT Russia will take place on 19-21 September 2018 in pavilion No. 3, Crocus Expo IEC.***
