Transport and
logistics packaging

About exhibition

CeMAT RUSSIA

The largest and most representative exhibition in Russia for professionals in logistics, warehouse management and SCM

”

CeMAT RUSSIA shows which trends are relevant, where the main money will be invested in the near future and how logistics will change.

Dmitry Blinov, LogistiX

Three days of CeMAT RUSSIA flew by like an instant – meetings with partners who became our friends, new interesting acquaintances, exchange of views and information with colleagues in the market. We received invaluable feedback.

Olga Yurova, Ateuco

Exhibiting companies showcase machinery, equipment, materials and solutions for warehousing logistics

- Storage systems

Exhibiting companies

136 exhibiting companies from Russia, Belgium, Turkey, Republic of China (Taiwan), Italy, China, Canada and Belarus

”

The most important thing about this exhibition was its fruitfulness. Several valuable contracts on the deployment of warehouse logistics robotization systems at Russian enterprises were finalized. Negotiations were held with representatives of a number of domestic companies interested in robotics implementation.

Mikhail Kuvshinov, Nissa Engineering

More than 200 international and local product brands on one venue

Visitors

5 214 professionals from
70 regions of Russia

”

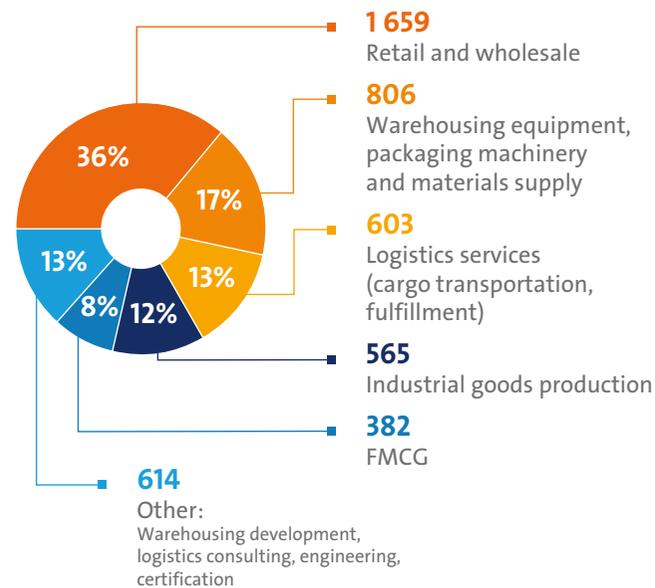

We got about 100 really promising business leads, of which 95% are completely new for us. This is extremely important. The market showed great interest in the new packaging equipment that we presented.

Tatiana Dobrokhotova, Sealed Air

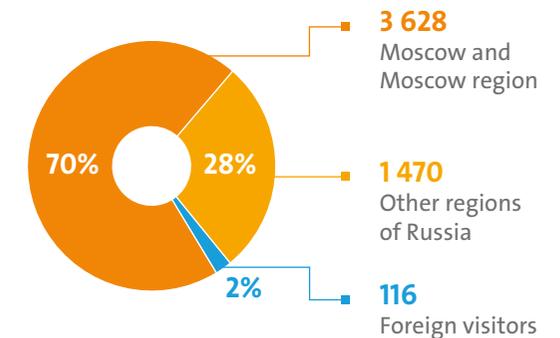

The result of participation in the exhibition was the conclusion of a large number of contracts for the supply of equipment, as well as the shipment of all exhibition samples of forklifts.

Sergey Papenin, NAK Machinery

Areas of activity of companies represented by business visitors

Visitors by geography

Visitors

Event program

Partners 2021

”

CeMAT RUSSIA is distinguished by the opportunity to see solutions, new technologies and advanced experience of Russian and foreign suppliers and manufacturers on one site and combine this with an extensive and interesting business program. And, of course, as always, the scale of the event is impressive.

Elena Obraztsova, Utkonos ONLINE

If you are professionals, if you love logistics, then in any case CeMAT RUSSIA is the event you can't pass by. Your visit will delight you both professionally, educationally and personally.

Aleksey Yermakov, Snezhanaya Koroleva

If you are doing business in the field of logistics, then CeMAT RUSSIA is a must visit event to be in trend. To understand what trends exist in the industry, what technologies are used now and what technologies will be used in the future.

Ravshan Shiryaev, Petrovich Company

”

If you are cheer and passionate about your business, you have ambitious plans, you want to bring something new for your clients and the company as a whole – visit CeMAT RUSSIA. For us, as Sberlogistika, the focus is on the timely processing of an increasing number of orders with the level of quality that our customers expect. At the exhibition, I noted interesting ideas and solutions.

Maria Zaytseva, Sberlogistika

CeMAT RUSSIA is the largest event that brought together the cream and the most advanced technologies. This is an event not to be missed.

Olga Kozlova, AXELOT

It doesn't matter if you are a TOP logistician or just starting your journey, CeMAT RUSSIA is a very cool opportunity for you to see what is happening in our industry.

Adexander Schulz, Director of Logistics Decatlon

Organizer

Deutsche Messe

Deutsche Messe RUS exhibition company is the subsidiary of Deutsche Messe AG, which has taken its place among the world's top organizers of capital goods trade fairs, sporting a rich portfolio of events held in Germany and around the globe.

CeMAT brand, which unites warehouse logistics exhibitions on 6 continents, in 9 countries, had achieved international acceptance and is an obligatory event for the largest market players.

CeMAT exhibitions provide an excellent exhibition platform among the world's key markets to the intralogistics industry, allowing those companies to showcase their products and innovations to the interested audience in the corresponding countries and regions. From innovative energy saving industrial trucks to complex, fully automated conveyor systems, the newest control systems and logistical IT developments – CeMAT exhibitions cover all aspects of intralogistics. The exhibition categories are finished with cranes, lifters and lifter platforms, and also with the automated identification systems, robotized logistics, and packaging technologies.
