 $\frac{202}{\text{exhibitors}}$

GENERAL PARTNER OF THE EXHIBITION IN 2023

We have been participating at CeMAT RUSSIA since 2016 and believe that this is the most important exhibition for us. Here, warehouse equipment is most widely represented in Russia, the most professional audience and, accordingly, the most professional interest in our products

Oleg Rozanov, CCO, Ronavi Robotics CeMAT RUSSIA is an event that closes our previous year and opens a new one. Usually at this exhibition we offer new solutions, talk, conduct demonstrations and collect a lot of contacts. CeMAT RUSSIA allows us to understand what is happening on the market and what is interesting to our customers, both old and new

Alexey Parfenov, CEO, InStock Technologies

EXHIBITORS

202 companies from 9 countries

Russia, Turkey, China, India, Norway, South Korea, USA, France, Germany

CeMAT RUSSIA 2023 gathered

>300 brands Over 300 machines onsite

We were very well represented at the stand with an area of almost 500 square meters and did not regret it. We displayed 40 types of equipment of new models. The exhibition gave us food for thought, plans and work for the year ahead, until the next CeMAT RUSSIA exhibition

Alsu Vasilyeva, Head of sales of material handling equipment at ISTK

"

We presented complete solutions, stackers, racking equipment, all equipment - from hydraulic trolleys to the highest productivity automated solutions. There were a lot of guests at our booth, target clients, partners. This is not the first year we have been participating, and this year was especially busy. We had many fruitful talks

Dmitry Varlamov, Head of RackFork

THE NUMBER OF VISITORS INTERESTED IN CERTAIN TYPE OF PRODUCTS*

* Multiple choice of answers were possible

The exhibition is visited by managers and professionals responsible for the continuity of logistics processes in companies such as Lamoda, Azbuka Vkusa, Wildberries, Norilskiy Nikel, X5 Group, Kerama Marazzi, VKUSVILL, Velikolukskiy meat plant, Leroy Merlin, Kamaz, AliExpress Russia, L`Oreal, PepsiCo, Tuapse seaport, Sibur and many others.

C For me, CeMAT RUSSIA is one of the largest industry events, which we always look forward to. Here you can always learn about modern technological solutions that are currently on the market and get acquainted with new products. There are a lot of interesting events taking place at the exhibition. One of them contained several insights that I will try to implement in my company

Ravshan Shiryaev, Director for operations, Retail chain of the Northwestern Federal District STD "Petrovich" **((** The quality of CeMAT RUSSIA visitors is very high. In just the first day of work, we received at least 150 new contacts; direct clients even came from competitors. Based on the experience of past years, we sign many contracts within about a month after the exhibition

Ekaterina Korshunova, General Director, First Honeycomb Cardboard Factory

BUSINESS PROGRAM

35 events

ts

5 parallel tracks

2500+ attendees

140+ speakers,

including experts from TOP-companies: Magnit, X5 Group, OZON, Wildberries, Yandex, MTS, Detskiy Mir, Snezhnaya koroleva, ASCONA, EFCO, FM Logistic, METPO C&C and others

((The exhibition is important to us as a place for business meetings and exchange of opinions. We held our own business session and received many interesting questions, which we were able to answer in a live dialogue. Very positive and professional atmosphere. We have found new potential partners with whom we will further develop relations.

CeMA

Mikhail Vladimirov, executive director for logistics and industrial robotics at the SBER Robotics Center

((Our presentation at "Gallery of solutions" platform became an opportunity not only to make a presentation, but also to reach a qualitatively new level: the CeMAT RUSSIA team helped at all stages of preparation. We were able to hone all our bold ideas, and after the performance we received a high-quality video. Now we use it in company presentations, expert articles and other materials for clients and partners.

Mansur Kadimov CEO, Reshape Analytics

InStock Technologies held its own seminar as part of CeMAT RUSSIA. This was a new experience for us. The exhibition organizers provided us with great assistance in preparing the event, pre-announcement, invitations through mailings, news and directly on the day of the event. Throughout the two hours of the seminar, the room for 70 people was full. After the presentation there were many questions, and most of the audience came to our stand, where a demonstration of the new capabilities of our WMS was held.

Dmitry Filatov, Business Development Director, InStock Technologies

ORGANISER

F DM RUS

The company was established to implement long-term plans and develop both the successful and long-established CeMAT RUSSIA exhibition project and other exhibition and business events. DM RUS exhibition company (formerly Deutsche Messe RUS LLC, a subsidiary of the largest exhibition operator Deutsche Messe AG) has been operating on the Russian market since 2011.

Since October 2022, as a result of leaving the Group, the company began working independently from the German office in the Russian Federation, fully retaining the team, as well as all the accumulated experience and obligations to customers and partners.
