

Press release

CeMAT RUSSIA 2021 exhibition of solutions for efficient logistics

11th international exhibition materials handling, warehousing equipment and logistics CeMAT RUSSIA, organized by Deutsche Messe RUS, a daughter company of Deutsche Messe AG, a German exhibition company, will be held in Moscow, IEC Crocus Expo, from September 21 to 23, 2021.

More than 130 exhibitors from Russia, Belgium, Turkey, Republic of China Taiwan, Italy, China, Canada, and Belarus will be presented on an area that is larger than 8000 m². Among the participants there are companies that represent such world-famous brands as STILL, LINDE, SSI Schaefer, Wanzl, JBC, JAC, Haulotte, and many more. Every third company is presenting their solutions during CeMAT RUSSIA for the first time.

This year, many new pieces of machinery and solutions for organizing the functioning of the warehouse complex and the intralogistical system will be presented on the participant's stands. Unmanned aircrafts (inventory drones) manufactured in Russia by UVL Robotics; a new lineup of lifter and conveying equipment from Mitsubishi, Hangcha, Polar Badger, JAC, MAGNI; innovative programming solutions from PSI Logistics; EME WMS and ANT Technologies; AGV robots for industrial and warehouse logistics from Geek+, CMC, Casun and many more.

The finals of the 7th Russia-wide forklift driver competition Stapler Cup (organized by Linde Material Handling) will be held during CeMAT RUSSIA for the first time.

As is tradition, the exhibition would be supported by an encompassing business program for the entirety of the three days that it is running for. 28 diverse activities would be held on 5 of the conference venues: "The Gallery of Solutions" presentation, seminars, conferences, and discussions pertaining to themes most relevant to the logisticians. Expert opinions and best practices will be shared by the leaders of logistical structural units of the companies such as "Utkonos ONLINE", PepsiCo, SIBUR Holding, X5 Retail Group, "Sberlogistics", Building and Retail House (BRH) "Petrovich".

The co-organizers and partners of both the business program and the exhibition as a whole are the Logistics Coordination Council (LCC), LogistiX, SCM Academy, the "Logistics" magazine, PIM Solutions, Logirus forum, PwC, LT Management, Polyplastic (PolySafe), Fives, Axelot, and other reputable, in their sectors, companies.

Deutsche Messe

In 2021, CeMAT RUSSIA would be enhanced by TRANSPACK, an exhibition of transport packaging, packaging equipment and packing processes automation. Because of that, visitors would be able to solve a maximal range of tasks within one exhibition.

The general sponsor of the CeMAT RUSSIA exhibition is Comitas, the first international system integrator to appear on the Russian market.

About CeMAT

CeMAT brand, which unites warehouse logistics exhibitions on 6 continents, in 9 countries, had achieved international acceptance and is an obligatory event for the largest market players. CeMAT exhibitions provide an excellent exhibition platform among the world's key markets to the intralogistics industry, allowing those companies to showcase their products and innovations to the interested audience in the corresponding countries and regions. From innovative energy saving industrial trucks to complex, fully automated conveyor systems, the newest control systems and logistical IT developments – CeMAT exhibitions cover all aspects of intralogistics. The exhibition categories are finished with cranes, lifters and lifter platforms, and also with the automated identification systems, robotized logistics, and packaging technologies of intraproduction logistics.

More information is available at the exhibition's official website, <https://www.cemat-russia.ru/en/>
